DIY Thumb Tack Paper Lanterns

Materials needed: Scrap cardboard, printer paper, cardstock/decorative paper for lantern, tape.

1. Print out the pattern.
2. Tape lantern paper to cardboard.
3. Tape pattern on top of lantern paper.
4. Trace the design with a push pin.
5. When finished, gently remove papers from cardboard.
6. Fold paper around (so it looks like a cylinder) and tape together.
7. Post to social media using the hashtags: #smithilluminates and #LAsmithilluminates.
